We will begin our morning session by teaching the basics of handgun safety and then move into live fire with .22 LR handguns. You will also have the opportunity to handle many different pistols and revolvers of different sizes and calibers. All firearms, ammunition, eye and ear protection will be provided. You may bring your own eye and ear protection if you prefer. **Please do not bring your own firearms to this class!** After lunch, we will set up an International Defensive Pistol Association scenario where participants will shoot on the move while using cover. Women will also have the opportunity to shoot larger caliber handguns. **Shooting range is indoors.**

Please note: This is NOT the class required by law to obtain a Concealed Pistol License, but is a great prerequisite course if you are considering obtaining a CPL.

Attire: While we are indoors, the exhaust fans will suck out some of the warm air, so please plan to wear layers. Also, wear closed toe shoes, and shirts that are tight around the neck such as a T-Shirt or crew neck sweatshirt.

Both payment and registration form must be received in order to be registered! Please see registration form for details.
