Quarter 3

April May June

Event Coordinator- Tonya Sies

I would like to thank all the volunteers who gave up their Saturday to come out and put on a very successful Women's Event at LBSC.

We put 26 ladies through the class this time, and all of them that I have spoken to said it was a positive experience.

Please understand what kind of impact these classes can have on the ladies taking it. They aren't there just to shoot, many of the ladies in the past have come to overcome fear. One of our past participants was scared of guns because her son had committed suicide with a gun and she wanted to get over the fear and understand guns.

No matter the reason that these ladies take the class, it is so great to see them excited to learn and these events would not happen without the great volunteers that LBSC has working so hard to pull it all together.

Thank you again.

Tonya Sies
